

Skidsteer Laser Grader

- Push-pull design for grading in forward or reverse
- Pneumatic swivel wheels with tapered roller bearings on king pins, on oscillating front axle
- Tapered roller bearings on axle oscillation pivot
- Removable shims on main oscillation pivot to keep wear joint tight
- Two 2-1/2" x 6" cylinders provide cross-slope operation
- Reversible cutting edges
- Universal laser mast mount
- Levels consistently within 1/4" of target grade
- Control valve included, does not include laser or grade control electronics

Part Number	Description	APPROX. WEIGHT LBS.
